

XPRESS II STAIR-LIFT

Inclined platform lift for straight stairways

The Garaventa Stair-Lift Xpress II is an inclined platform lift designed for straight stairways. The Xpress II is a safe, reliable and cost-effective accessibility solution. This lift can be installed on your site with little to no structural modifications. It is suitable for public building and residential applications.

Standard Platform Sizes:

800mm x 1250mm (31 1/2" x 49 1/4")
800mm x 1000mm (31 1/2" x 39 3/8")
750mm x 900mm (29 1/2" x 35 1/2")

Optional Platform Sizes:

675mm x 1000mm (26 1/2" x 39 3/8")
725mm x 1000mm (28 1/2" x 39 3/8")

Rated Load: 225 kg (495 lbs)

Speed:

Up: 4 meters (13 ft.) per minute
Down: 4.9 meters (16 ft.) per minute

Operating Controls:

Constant pressure switches, 24 VDC.

Drive System:

Motor: 0.75 H.P.

Power Requirements:

208-240 VAC, 50/60 HZ single phase on a dedicated (North America = 20 amp, International = 15 amp) circuit.

Power Transmission: Rack & pinion

Emergency Use:

A handwheel is provided. Auxiliary power system available.

Rail System: Champagne anodized aluminum extrusion with integrally mounted zinc plated gear rack.

Overspeed Safety: Mechanical overspeed sensor and lock, with electrical drive cut-out protection.

Xpress Delivery Time: Standardized components allow us to provide custom configured lifts with very fast delivery times.

XPRESS II - Inclined Platform Lift

The Xpress II inclined platform lift is the perfect access solution for straight stairways. It is easy to use and can be customized to suit the needs of your project.

Standard Features

- Large ADA compliant platform
- Choice of three platform sizes
- Passenger grab rail
- Under platform sensing plate and bi-directional ramp sensors
- Emergency manual lowering and folding system
- Ready lamp safety indicator
- Power-fold platform and ramps
- Keyed Call Stations
- Keyless platform for easier operation
- Platform controls include two large illuminated directional buttons and an emergency stop button
- Powered safety arms
- 2 year warranty

The Xpress II is equipped with powered safety arms.

Optional Features

- Auxiliary power system
- Fire alarm integration
- Fold down seat with seat belt
- Side-load platform for installations with confined lower landings
- Attendant remote control
- Narrow platform sizes
- Platform folds automatically if left unattended at landing to keep stairways clear
- Keyed platform operation for added security
- Optional RAL colors
- Pedestrian audio visual alert
- Building fire alarm integration
- Vandal resistant Platform lock (electric)
- Outdoor cover
- Extended warranty (5 additional years)
*USA/Canada only

The Auto Fold feature automatically folds the platform if left unattended for a period of time at a landing (optional).

The optional fold-down ambulatory seat allows a person with limited mobility to comfortably operate the Xpress II.
